

Charmor™ PP100

Description

- Charmor™ PP100
- Odorless, white powder.
- Polyhydric polymer.

Typical properties

Hydroxyl number, mg KOH/g ¹	1000-1100
Melting point (final), °C ²	160-170
Water solubility (25 °), %	0.2*

*information only

Applications

- Carbon source of Intumescent systems.

Delivery forms

- Bags 20 kg, 500 kg/pallet
- Big bags 500 kg

Analytical Method

¹ PO 100-2, ² PO 102-2
